

Cody Liam Nicholson

codynicholson96@gmail.com | (224)-324-2796

- Objective:** To obtain a position at your company
- Education:** DePaul University - Chicago, IL
Bachelor's Degree in Computer Science expected in June of 2018
GPA: 3.5/4.0
- Experience:** *Software Development Engineer in Test:* Textura Corporation, 2015-2016
- Automated Test cases to ensure our products were running smoothly and correctly
 - Created methods on various web page java files to facilitate the work of myself and other automation engineers
 - Adapted to a fast paced work environment by learning various skills such as SQL, XPath, Java, Eclipse, Jira, Jenkins, Unix, Selenium, SVN
- IT Database Analyst:* CNA Insurance, 2016-
- Consolidated lists of defects found during user acceptance testing into responsive and reusable Excel spreadsheets
 - Created PowerPoint presentations to represent this data to both business and development team members
 - Migrated policies from legacy applications to enterprise applications
- Projects:** *Portfolio Website:* <https://codynicholson.github.io/>, 2016
- Designed and developed a homepage with a cover letter that includes a parallax header and footer
 - Created a resume page that is populated almost entirely by external JavaScript files, making it easy to add more work experience, projects, schools, etc.
 - Researched and learned how to use various tools I had never used before including: JavaScript, jQuery, Bootstrap, and Google APIs
- Awards:** Eagle Scout as of August 2014
- Societies:** National Society of Collegiate Scholars, National Society of Leadership and Success
- Skills:** Java, C#, Python, Design Patterns, Ruby, Rails, SQL, jQuery, HTML, CSS, Linux, JavaScript, Selenium, Leadership, Git, Agile Methodologies, Hadoop MapReduce
- LinkedIn:** <https://www.linkedin.com/in/codynicholson>
- GitHub:** <https://github.com/CodyNicholson>
