Cody Liam Nicholson

codynicholson96@gmail.com | (224)-324-2796

Objective: To obtain a position at your company

Education: DePaul University - Chicago, IL
Bachelor's Degree in Computer Science expected in June of 2018
GPA: 3.5/4.0

Experience: *Software Development Engineer in Test*: Textura Corporation, 2015-2016
- Automated Test cases to ensure our products were running smoothly and correctly
- Created methods on various web page java files to facilitate the work of myself and other automation engineers
- Adapted to a fast paced work environment by learning various skills such as SQL, XPath, Java, Eclipse, Jira, Jenkins, Unix, Selenium, SVN

IT Database Analyst: CNA Financial, 2016-
- Consolidated lists of defects found during user acceptance testing into responsive and reusable Excel spreadsheets
- Created PowerPoint presentations to represent this data to both business and development team members
- Migrated policies from legacy applications to enterprise applications

Projects: *Portfolio Website:* https://codynicholson.github.io/, 2016
- Designed and developed a homepage with a cover letter that includes a parallax header and footer along with a pop-up 'Contact Me' model
- Created a resume page that is populated almost entirely by external JavaScript JSON files, making it easy to add more work experience, projects, schools, etc.
- Researched and learned how to use various tools including: JavaScript, jQuery, Bootstrap, and Google APIs

Awards: Eagle Scout as of August 2014

Societies: National Society of Collegiate Scholars, National Society of Leadership and Success

Skills: Java, C#, Python, Object Oriented Design Patterns, Ruby, SQL, jQuery, HTML, CSS, Linux, JavaScript, Selenium, Leadership, Git, Agile Methodologies, Hadoop
